

A photograph of a female teacher with brown hair, wearing a light blue button-down shirt and a grey skirt, leaning over a desk. She is smiling and looking down at a group of students. In the foreground, a young boy with dark hair, wearing a blue and black striped shirt, is focused on writing with a pencil. To his left, a young girl with long brown hair, wearing a plaid shirt, is also looking down at the desk. The background is a bright, out-of-focus classroom setting with shelves and windows.

VisitEDUfinn

NETWORK FOR EDUCATIONAL CO-OPERATION

WHAT IS VisitEDUfinn?

VisitEDUfinn is a network that connects head teachers, teachers, and other education experts from different countries. This co-operation opens up an opportunity to share ideas, knowledge and local practices, which are ethically sustainable and culturally sensitive, and could be transferred from culture to another.

VisitEDUfinn network covers education system from early childhood education to secondary school.

SEE MORE

www.visitedufinn.com

WHAT DO WE OFFER?

We can offer head teachers, teachers, other education experts, and local authorities in Finland, England and other partnering countries, a wide range of tailored options including:

- Large scale educational conferences
- Focussed educational conferences
- Visit and Learn (a unique opportunity to experience everyday life in Finnish schools and shadow local teachers to see how ideas could be integrated into your classroom)

WHY SHOULD YOU HEAR AND LEARN ABOUT FINNISH EDUCATION?

Every national education system has its pros and cons, but learning from others will offer new ideas and working models to improve the assessment and development processes of your own school.

When reflecting familiar educational practices in a light of another culture, our eyes may open for completely new questions enabling a two-way learning.

Instead of emphasising the inferiority or superiority of different systems, our aim is to enhance understanding through comparisons and offer opportunities for culture sensitive educational cooperation and consulting.

REFERENCES

“It was extremely well organised. The company was excellent. We were made to feel extremely welcome throughout the visit. The opportunity made me reflect and think deeply about the differences in our education systems and consider what it is that really makes a difference to providing a learning environment to enable all children to learn, thrive and flourish.”

“I was inspired by the early years provision, challenged by the practice at the high school and thoroughly enjoyed meeting such an energetic and passionate group of teachers and children.”
