

PREPSTEPS TO YOUR PEDAGOGICAL AND EDUCATIONAL STUDY VISIT

VisitEDUfinn

Welcome to start planning your study visit to Finland together with us, the school you will visit and VisitEDUfinn

- ✓ Every national education system has its pros and cons but learning from others will offer new ideas and working models to improve the assessment and development processes of your own.
- ✓ When reflecting familiar educational practices in a light of another culture, our eyes may open for completely new questions enabling a two-way learning.
- ✓ Instead of emphasizing the inferiority or superiority of different systems, our aim is to enhance understanding through comparisons and offer opportunities for culture sensitive educational cooperation, sharing and consulting.

PRESTEP 1: TOPICS FOR THE VISITS

To make your visit more profound and to give you the full understanding of our daily educational practices in Finland, please let us know the education topics that you are most interested in.

If you don't have any specific interests in mind, we are more than happy to offer you generic visits as well. In either case, our experienced hosts and the school personnel are always willing to answer your questions concerning these topics.

1.

1. The basics of [Finnish education system](#), based on trust, responsibility and the philosophy of inclusion
