Are you looking for a customized teacher training course specifically designed for your group's needs?

We offer customized courses for groups of 10 or more participants, with the added bonus of a benchmarking visit to a Finnish school, where you can see firsthand how Finnish teachers operate and discuss with them their teaching techniques.

Our course topics are diverse and can span a range of themes, from STEAM (Science, Technology, Engineering, Arts and Math), to nature pedagogy, to School management and leadership. Our expert team of teacher training professionals are well-versed in a variety of topics and can provide in-depth insight into each one.
