Welcome to the Study tour for Students!

We invite you to immerse, interact, and be inspired by the world-renowned educational system of Finland. Our program is carefully designed for student groups to provide them with an authentic learning experience, attending Finnish classrooms just like local pupils would. This remarkable opportunity enhances intercultural competencies and fosters a comprehensive understanding of the daily life of these students. But our program extends beyond academics with educational trips and cultural activities, from city tours to traditional dining, all designed to deliver a well-rounded experience.

Join us for this enriching journey!
